Positive Living and Learning for People with Epilepsy and other Complex Needs

Mr Anthony Fox
Filtrex Environmental
Unit 18 Burnt Mill Industrial Estate
Elizabeth Way
Harlow
Essex
CM20 2HS

5th July 2016

Dear Anthony

We just wanted to say thank you so much for your sponsorship of our bouncy castle and pets corner for our Summer Fayre this year. The residents loved meeting all the small furry creatures, and the not so furry ones too! It was so nice for them to have the opportunity to see animals that they would not normally get the opportunity to meet. They were especially fascinated with the bearded lizard, and have talked about him for days!

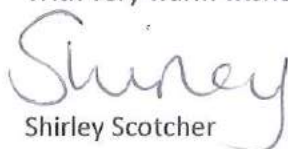

The Summer Fayre this raised just over £5000 which we are hoping to put towards our new build project. Our current bungalows are home to 8 or 10 residents and recent research suggests that people thrive living in smaller social groups. Therefore we are building 3 new bungalows that will give us more space and allow us to welcome more local people who have epilepsy and other complex needs. The extra space will also allow us to welcome people who may have mobility issues or who come with lots of equipment!

We are hoping to start the building project in summer 2017, so we will keep you posted with our progress.

I have attached a couple of pictures on the reverse of this letter of our residents enjoying themselves, along with the infamous bearded lizard.

Thank you so much for all your support. You made a challenging task so much easier!

With very warm wishes.

Shirley Scotcher
