

AC-300

PORTABLE HYGIENIC AIR FILTRATION UNIT

The Filtrex AC300 air cleaner unit provides high efficiency Hepa and UV filtration and can be used in many applications to improve air quality.

- Compact and mobile design
- H14 grade Hepa filtration for fine particle removal
- UV filtration for the removal of bacterial and viruses
- Simple filter replacement and easy maintenance
- External connection kit for fresh air supply
- Suitable for use in offices, meeting rooms, waiting rooms, classrooms, hotels and any other occupied spaces

TECHNICAL SPECIFICATIONS

FILTREX AC-300 PORTABLE HYGIENIC AIR FILTRATION UNIT TECHNICAL SPECIFICATIONS

MODEL	AC-300	
Dimensions (WxDxH) mm	565 x 310 x 680 (mm)	
Pack Dimensions (WxLxH) mm	685 x 430 x 950 (mm)	
Filter Types (EN 1822)	Main Filter	Hepa, H14 %99.995, 0,3 µm
	PreFilter	EU4
Supply Air Velocity Range	0.3-1.5 m/sn	
Air Flow Rate	150-300 m3/h	
UV Lamp	254 nm, 2x18 Watt	
Noise Level (100 cm distance)	Normal Mode	≤ 56 dB(A)
	Eco Mode	≤ 45 dB(A)
Supply Voltage and Frequency	220-240 V, 50-60 Hz	
Blower Power (kW)	≤ 0,20 kW	
Weight (kg)	< 34 kg	
Main Body	Antibacterial Powder Coated Sheet Steel	
Controller	On/Off and Airflow Rate Mode Selection
